CHAIRPERSONS BIOGRAPHY

BIOGRAPHY OF DR SIEW TUCK WAH

Dr. Siew Tuck Wah is a medical doctor from Singapore with more than a decade of experience in Aesthetic Medicine. He has a special interest in the use of injectable fillers for facial sculpting, anti-aging and rejuvenation, and is regarded as one of the experts in the field today. Dr. Siew is equally passionate about sharing and teaching. Through his website (www.Dr.siew.com) and social media platforms, he provides an easily accessible and reliable platform for the public to understand medical aesthetic procedures and trends. Dr Siew is also a certified trainer for Galderma, Sinclair & Merz Aesthetics, he devotes time to training other doctors in filler and Botulinum toxin injection techniques locally and in the South East Asia region. Dr. Siew is the medical director and founder of Radium Medical Aesthetics, where he brings his practice philosophies to life – emphasis on patient rapport, service excellence, and professionalism.

BIOGRAPHY OF DR MARCUS WONG

Dr Marcus Wong is a Ministry of Health accredited Senior Consultant Plastic Surgeon. As the Founding Head of the Plastic Surgery Service at Tan Tock Seng Hospital, with more than 20 years of surgical experience, Dr Wong not only continues the family tradition of double eyelid and eyebag surgery for which Wong's Plastic Surgery Centre is renowned for, but also brings along his own expertise in breast augmentation, micro- and nano-fat grafting, face lift and body contouring. Dr Wong was Chairman of the Chapter of Plastic, Reconstructive and Aesthetic Surgery from 2011-2015, and has been a Council Member of the College of Surgeons, Academy of Medicine Singapore since 2011. He was Assistant Professor at Nanyang Technological University, Senior Clinical Lecturer at the Yong Loo Lin School Of Medicine, and Clinical Teacher at the Lee Kong Chian School of Medicine. He also held appointments as Program Director for the National Healthcare Group (NHG) plastic surgery residency program and was a Residency Advisory Committee (RAC) member for national plastic surgery residency training program since 2014. Dr Wong was a member of the Singapore Medical Council (SMC) Working Committee for the Review of Guidelines of Aesthetic Practices for Doctors (2008). He has also completed several overseas fellowships in aesthetic and reconstructive microsurgery in places such as Taiwan, People's Republic of China, South Korea, Brazil, and the United States of America.

SPEAKERS BIOGRAPHY

BIOGRAPHY OF DR RAMI HAIDAR

Dr Rami Haidar Graduated from Cairo and completed his training in the UK in Oral & Maxillofacial Surgery. Following completion of his training, he became a member of The Royal College of Surgeons in Edinburgh and worked for the NHS at University Hospital of Wales as a Specialty Doctor in Facial Surgery. Dr Haidar expanded his experience in head and neck reconstruction surgery and applied it in Aesthetic Medicine in London where he worked privately in parallel to his NHS job. He moved to Riyadh, Saudi Arabia in 2012 to join the Oral & Maxillofacial surgery team at the National Guard Hospital as a Specialist Doctor. He continued his aesthetics practice working in one of the most prominent aesthetic clinics in Riyadh and Bahrain. Academically, Dr Haidar is an accredited International trainer and a regional Speaker in the aesthetic industry. He has given talks across the globe in international conferences and is a key opinion leader in minimally invasive aesthetic surgical procedures.

BIOGRAPHY OF DR FRANCISCO DE MELO

Dr Francisco de Melo is a board certified Plastic Surgeon with more than 20 years of experience in plastic, reconstructive and cosmetic surgery in Portugal and the UAE. Before moving to Dubai in 2012, he was a Consultant Plastic Surgeon and Head of Surgery Department in the Military Hospital of Lisbon in Portugal. Having graduated from the Universidade Nova de Lisboa in Portugal, Dr Francisco de Melo's credentials are recognised worldwide by the Ordem dos Medicos in Portugal, the Portuguese Ministry of Health (Consultant), the General Medical Council in the UK, the Dubai Health Authority (Consultant), Dubai Health Care City (Consultant) and Abu Dhabi Health Authority (Consultant). He is featured in various publications such as the recent, Minimally Invasive Aesthetic Treatment of the Face and Neck Using Combinations of a PCL -Based Collagen Stimulator, PLLA/PLGA Suspension Sutures, Cross Linked HA Filler. Dr Francisco de Melo is also a member of several national and international medical societies including International Society of Aesthetic Plastic Surgery (ISAPS), Portuguese Society for Plastic, Reconstructive and Aesthetic Surgery (SPCPRE) and Emirates Plastic Surgery Society (EPSS).

BIOGRAPHY OF DR LIN SHANG LI

Dr. Shang-Li Lin is a board-certified dermatologist with more 10 years of experience and one of the most renowned speakers in the field of aesthetic medicine in Taiwan. In 2003, he completed his M.D. degree from National Yang-Ming University and received two-year training as a resident in psychiatry during 2003-2005. He began his residency in dermatology in 2005 and has been committed to clinical researches on the injectables and energy-based devices since then. In 2009, he founded Shang-Li Dermatologic & Aesthetic Clinic in Taipei and has become the most experienced and the biggest user of the injectable collagen stimulators since then. He has been giving lectures and training sessions in numerous global conferences and workshops for years on the injectables, lasers and energy-based devices in more than 30 cities in Asia, Europe, North America and South America and has been invited to Mainland China for clinical treatment in collaboration with the local hospitals and medical centers on a regular basis. He is also the winner of the best case in non-surgical facial rejuvenation in 2015 AMEC. In 2016, he was invited to Mainland China as a supervisor in the clinical trial of a polycaprolactone-based filler and has been invited as committee member in a few aesthetic medicine associations.
